Projects

Mechcare Live Link

- Real-world vehicle service app with live map tracking and online booking features.

- main vision is to connect users to India's largest mechanic platform.

- Fully developed using the MERN stack. Google Authentication , Razorpay Payment , Google Map to track .

- uses AWS (SNS) and Google Cloud for Data Storage.

Chat System Live Link

Real-time messaging system with Socket.io, MongoDB, authentication, and AI-integrated message encryption.

Arvind Blog Live Link

A full-stack blogging platform built using MERN with CRUD functionality and user login.

Experience

Veer-Jeet, Vapi, Gujarat *Oct 2024 – July 2025*
Full-Stack Developer - MERN Stack

- Developed a full logistics management system that handles 500+ daily entries and 800+ queries on their internal portal using MERN Stack.

- Independently managed the development, deployment, and maintenance of the project.

- Using DynamoDb to store their data

Allorasoft, Vapi, Gujarat *Jan 2024 – July 2024*
MERN Stack Developer

- Built an order tracking web app to streamline order tracking, order updates, and notifications using the MERN stack.

- Enhanced operational efficiency and improved user experience.

Technical Skills

Languages: Java, Python, JavaScript, PHP, HTML, CSS

Frameworks/Libraries: React, Bootstrap, TailwindCSS

Databases: MongoDB, SQL ,

Subjects: DBMS, OS, OOPS, CN, System Design, AI/ML

Education

Laxmi Institute of Technology, Gujarat, India *2020 – 2024*
Bachelor of Engineering in Computer Science Engineering **CGPA: 8.51**

St.Xavier High School, Gujarat, India *2005 – 2020*
PCM 88

Achievements

- Solved 250+ DSA problems across platforms including LeetCode, GFG, TakeUForward.

- Completed the 100 Days of Code challenge.

- Certified in Java, Python, and CSS on-line platforms.

- Certification of AWS.
